Championship Titles

Each individual class will compete for class titles, i.e. U1, U2, U3, A1, A2, A3, CX1, CX2, CX3 and FX1, FX2 and FX3.

NZ1, NZ2 and NZ3 will be raced for in the NZ Jet Boat Marathon only.

Championship Points

We have moved to a very simple points-based system, which no longer includes the complicated handicap system.

The points will be allocated as follows:

In Class

1st - 20 points

2nd - 18 points

3rd - 16 points

4th - 14 points

And so on.

If you get a DNF during the day of racing you will be awarded a DNF for that Race Day which will be 4 points less than the last boat in your class.

If you get a DNS during a race or you don't attend a race you will be awarded a DNS for that Race Day which will be 6 points less than the last boat in your class

By doing this points system it means you will still get points towards the overall Championship Results.

Entry Fee, Prize Money & Other Important Info.

Entries to the series must be received before the start of the first race of the season.

Entry fee is \$100.00 per racer.

Prize money from Sponsorship raised will be split between 1st, 2nd and 3rd in each class.

In the event of a tie in points - the class overall times for the year will be used to determine winner.

Once registered you will remain in that class for the season and cannot change.

If a racer replaces an engine during the season of a lower-class capacity, they will stay in the original class entered. If the replacement engine is of a higher class than originally entered the racer will be awarded a DNS for any further races of the season.
